

Year 5

Summer Term 2020

As Writers we will be:

- studying a picture book “Jemmy Button”, focussing on comprehending themes and writing in a variety of styles.
- analysing classic poetry and commenting on the power of imagery.

In Maths we will be studying:

- formal methods for addition, subtraction, multiplication and division
- area and perimeter
- factors and multiples
- fractions, decimals and percentages

As God’s Children we will be:

- learning about Pentecost (the celebration of the Spirit’s transforming power)
- answering questions about how belief in the transforming power of the Holy Spirit and the message expressed in Paul’s letter give meaning and purpose to life.

As Scientists we will be:

- explaining why we know the Sun, Earth and Moon are spherical.
- naming and describing features of the planets in our solar system.
- ordering the planets in our solar system.
- explaining how planets move in our solar system.
- explain day and night and the apparent movement of the sun across the sky.
- investigating night and day in different parts of the Earth.
- explaining the movement of the Moon.
- reporting and presenting findings from enquiries.
- identifying scientific evidence which does or does not provide evidence for an idea or argument

As Artists we will be finding out:

- about nebulae and how we can capture their shape, colour and patterns in art
- about satellites and how we can create our own satellite images

As Geographers we will be finding out:

- What a mountain is.
- The features of a mountain.
- How mountains are formed.
- Mountain climates.
- The UK and world’s highest mountains.
- The importance of the Himalayas.

As Athletes we will be developing our skills in:

- Gymnastics
- Dance
- Cricket
- Swimming

As Musicians we will be:

- studying the song ‘Fresh Prince of Bel-Air’ by Will Smith
- learning to sing, play and improvise with this song,
- Listening and appraising other old school hip hop tracks

As Computer Technologists we will be:

- creating a website
