## SEND Information Report 2024-25

At St Joseph's Catholic Primary School, we have high expectations of all pupils and strive to enable them to reach their full potential. In order to achieve this, many steps are taken to support them through their learning journey. High quality teaching is vital; however, we recognise that for some children there are occasions when further additional support may be needed to help them achieve their goals.

<p><b>Who are the staff responsible for SEND?</b></p>	<p><b>Ms Wilson – Inclusion Lead                      Mrs Angela Podmore – SEND Governor</b></p> <p>All teachers have a responsibility to meet the needs of all pupils in their class</p>
<p><b>What kinds of special educational needs does St Joseph's provide for?</b></p>	<p>All four areas of need can be supported, through careful planning and communication</p> <ul style="list-style-type: none"> <li>• Communication and interaction</li> <li>• Cognition and learning</li> <li>• Social, emotional and mental health</li> <li>• Sensory and/or physical</li> </ul>
<p><b>How does St Joseph's know when children need extra help and what should I do if I think my child may have special educational needs?</b></p>	<p>A pupil is identified as having a special educational need or disability if provision is required that is '<b>additional to and different from</b>' that which is normally to pupils of the same age. This could be identified from:</p> <ul style="list-style-type: none"> <li>• Parental concerns</li> <li>• Having significantly greater difficulty in learning than the majority of others of the same age, Limited progress being made</li> <li>• Observations</li> <li>• A change in the pupil's behaviour or progress</li> <li>• A pupil asks for help</li> </ul>

<p><b>How will I know how St Joseph's supports my child?</b></p>	<p>Support provided is individualised and tailored to the specific needs of the child. This will be through:</p> <ul style="list-style-type: none"> <li>• Setting individual targets</li> <li>• Individual Education Plans (IEP)</li> <li>• Behaviour Plan</li> <li>• Differentiated learning</li> <li>• Targeted Interventions</li> <li>• Specialist equipment/resources</li> <li>• Adult support</li> </ul>

An assessment will be carried out using the Speech and Language Link assessment tool. The data will then be analysed and a program of intervention, that is personal to that child, will be put in place. An experienced adult will complete this intervention on a regular basis and report back to the class teacher and Inclusion Lead, the progress made</p>
